IIT Delhi M.Des in Industrial Design (CGPA 9.13, Dept. Rank 6) working across **product, behavioural, and service design**, with 2 years of industry experience in branding, user experience, and digital campaigns. Specializes in applying behavioural science frameworks (COM-B, Fogg) to digital products and public-sector services, reducing sign-up drop-off by approx. 70%, driving 36% of business revenue through digital campaigns, and shipping 90+ brand assets across digital and print.

EXPERIENCE

Pagariya Consumer Foods PVT LTD, Nagpur *June 23 - April 25*

Graphic Designer & Social Media Campaigning Executive

- Created **90+ brand assets** - logo, visual identity, interior kiosk designs, wall branding, and advertising media - ensuring a cohesive user experience across **digital and print** platforms.
- Led **pre-launch (5 months)** and **post-launch (12 months)** social media strategies with motion graphics and interaction-focused assets; drove **70%** art workshop attendance via social media marketing and **30%** via print assets.
- Generated **36%** of business revenue through digital campaigns, remainder via diverse advertising mediums.

Publication Cell, IIT Delhi | Design Intern **[Brochure]** *May 26 - July 26*

- Designed the 57th Convocation Brochure of IIT Delhi, leading visual design, colour system, layout, content hierarchy, and overall page composition for a cohesive, visually engaging publication.

IRADe & NDMA | Teaching Assistantship (Behavioural Design Research) *2026*

- **IRADe - Heat-Wave Advisory:** Developed behavioural design recommendations for frontline health worker advisory tasks based on task-complexity findings; supported information architecture and content structuring for heat-risk advisory communication.
- **NDMA - Flood Monitoring Dashboard:** Contributed to the design and wireframing of a behavioural-constructs-informed flood monitoring dashboard; structured disaster-risk information across agency responsibilities and response timeframes, collaborating with a research team to translate behavioural design principles into a functional prototype.

PROJECTS

- **Pragati - Women SHG** (Jan 26 - Apr 26) **[Link]** : Designed behaviour-informed financial management interventions for rural SHGs, using field research, COM-B, and Fogg's Behaviour Model to simplify ledger, savings, and loan management.
- **Shiru Cafe: Streamlined Student Sign-Up Redesign** (Sept 25) **[Link]** : Reduced drop-off (approx. 70%) by simplifying inputs, adding skip options, and minimizing cognitive load through low-distraction patterns and progressive disclosure.
- **Meri Medi Sathi - Medication Adherence Research Probe** (Apr 26) **[Link]** : Designed a 7-day physical research probe to study behavioural, emotional, and environmental factors influencing medication adherence among young adults, using participatory probe cards and naturalistic self-documentation.
- **Food Delivery Waiting Anxiety** (Apr 26) **[Link]** : Redesigned the food-delivery waiting experience for infrequent users, using UX research and behavioural insights to reduce anxiety, compulsive checking, and silent churn through proactive communication and trust-building interactions.
- **YatraNow: Real-Time Bus Tracking** (May 25) **[Link]** : Designed a real-time city bus tracking app featuring live location, arrival time updates, and seat occupancy to minimize commuter wait times through intuitive UX and seamless flows.
